

I'm Bored! Project

- You and your group members will be creating a Padlet board or Google Slide deck full of summer activities for children. This will help parents never have to hear the phrase “I’m bored!” from their child/children.
- You will need to divide up the age groups below among your members that include 4 activities **addressing each of the developmental areas** (physical, intellectual, social, and emotional). Each group member will need to find one activity per age. **Do not** assign one person an entire age group to research activities for. Age groups include:
 - o Infants
 - o Toddlers
 - o Preschool Age
 - o School Age
- o **For each activity** you will need to include:
 - Name of activity (1 pt)
 - A list of supplies needed (1 pt)
 - Picture(s) (1 pt)
 - What developmental area(s) are being met (1 pt) **and**
 - How the activity is meeting them (1 pt)
- o Each age group is worth 20 pts for a total of 80 points.
- Your Padlet board or Google Slide deck needs to include headers/titles of the age groups with all activities posted below. Activities need to include the above criteria as well as the name of the group member who shared it (5 pts).
- Your Padlet board or Google Slide deck needs to also be:
 - Organized (5 pts)
 - Easy to Follow/Read (5 pts)
 - Not full of distracting spelling and/or grammar errors (5 pts)

Total Points _____/100
