Pop Culture Fashion & Clothing Color

Step One:
Curate three different school appropriate examples from pop culture (movie or television) where the character is wearing a specific color. Each example must represent a different color; no color repeats. Also, *Inside Out* movie clips are not permitted!

- Example #1:

- Example #2:

- Example #3:

Step Two:
A Google Slide template is provided for you, along with one example, to complete this project. Please remove my example and add your own. Also, feel free to change the font, colors and background image to make it your own..

Criteria & Points (40 Total):

- Add your name to the slide in the box located in the upper left corner. (1 pt.)

- Share the title of the movie or television show and an image along with a working link to view it for each example. (9 pts)

- Briefly describe what is happening in each of the scenes and reflect how the wardrobe color illustrates the mood and theme depicted in the pop culture example selected. This should be written in a minimum of four (4) solid, complete sentences per example. Use at least 3 words (underlined) from your color chart and article information as you analyze and explain each example. (21 pts.)

- Layout of the project on slide utilizes the space in a pleasing manner–no large gaps of space. (5 pts.)

- Project is free of spelling and grammatical errors. (4 pts.)

- Total Points: _____
