

# Dr. Seuss Play-doh Lab

Build your imaginary Dr. Seuss character and then fill in the chart with information about your character. Remember to think and write “Dr. Seuss” style. You will be sharing these in class.

Where does it live?	What does it eat?	What noises does it make?
What does it like to do?	What does it look like?	What size is it?
What things make it happy?	What things make it sad?	How does it smell?
