

Fleece Hat

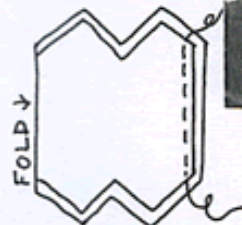

Fabric: Knit fabric with good stretch

Directions:

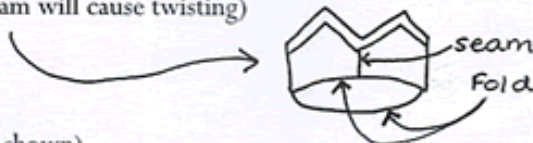

Step #1: Cut out hat

Step #2: Fold in half vertically (right sides together)
Sew vertical seam to create a tube

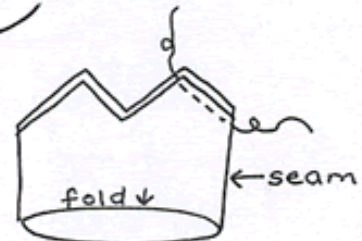

Step #3: Fold hat in half along horizontal fold line (see illustration in Step #1)
Seam allowance is inside
Match seam (mismatched seam will cause twisting)

Step #4: Reposition seam to side (as shown)

Match four peaks and sew (serge) slanted seam by side seam of hat

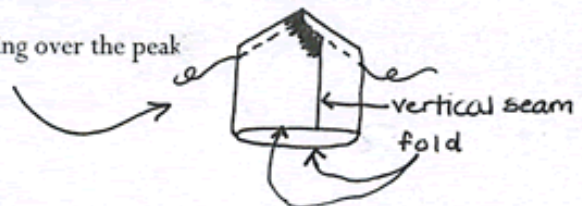

Step #5: Sew the opposite seam (see diagram)

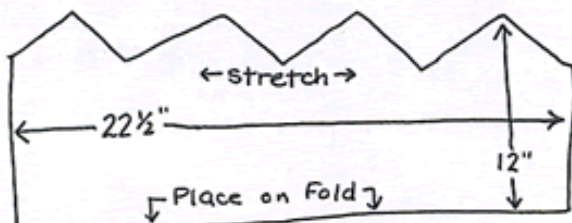

Step #6: Refold hat so two sewn seams touch at the peak

Sew remaining two slanted seams (in one line) going over the peak

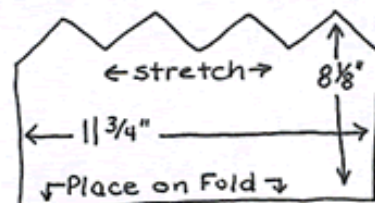

Hat is done! Fold up a "cuff"!

This hat can be a chemo hat too!

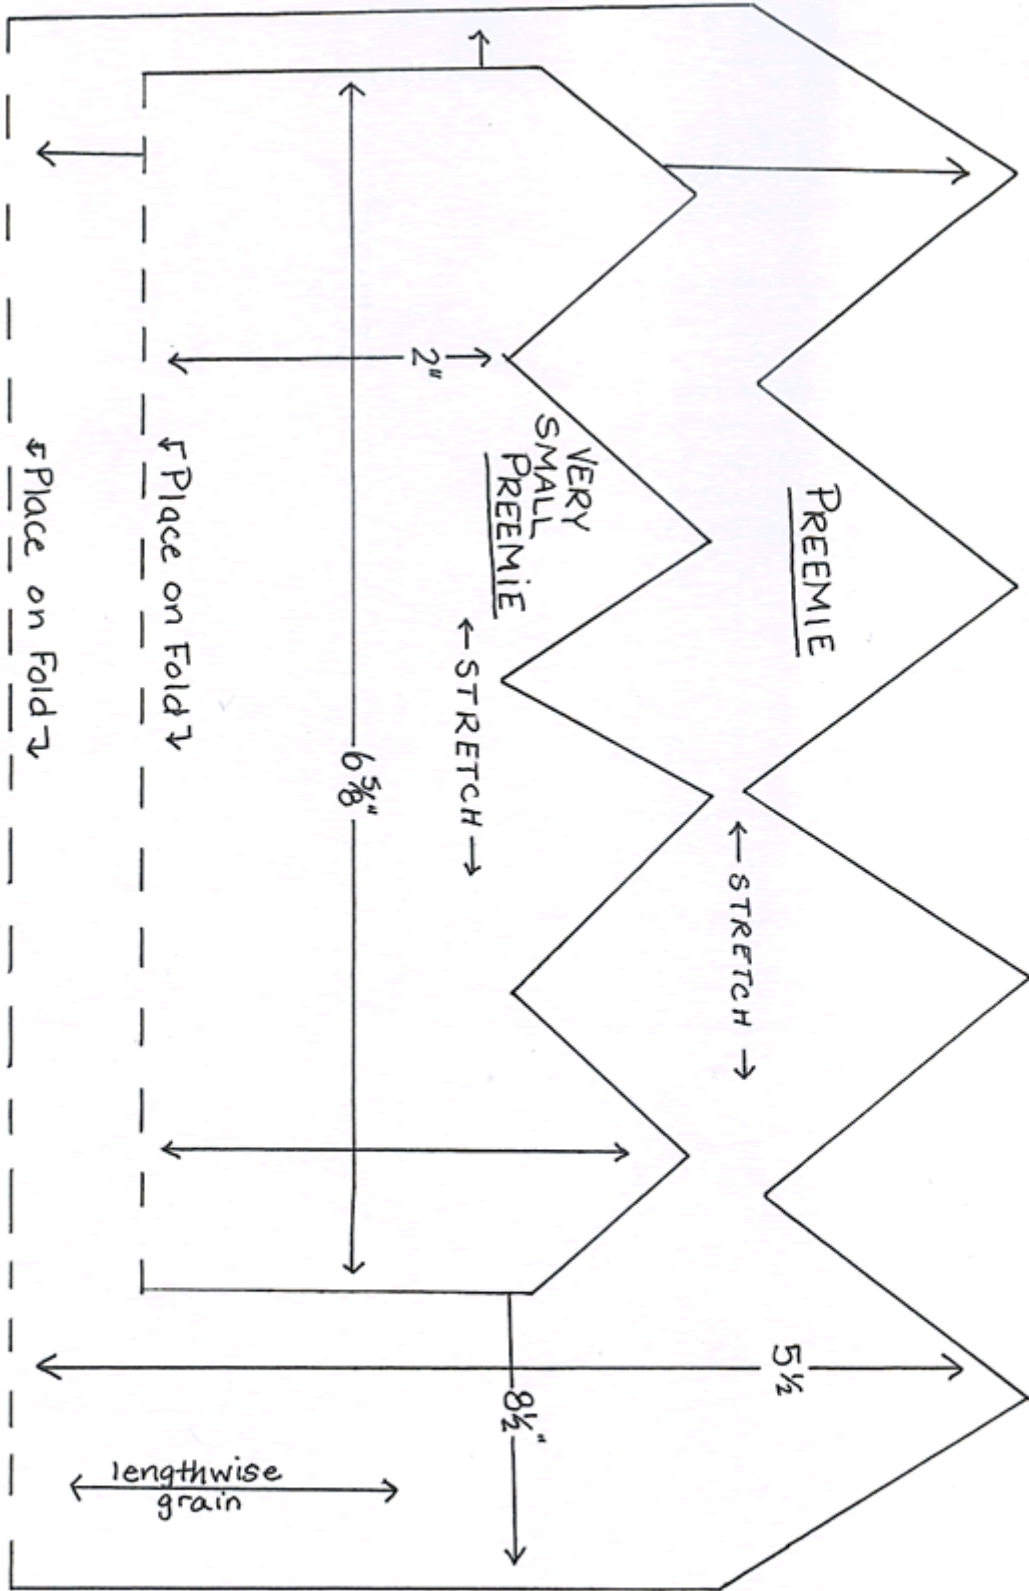

Adult Size 22 1/2" x 12"

Newborn/Full-Term 8 1/8" x 11 3/4"

Thanks to Donna S. and Carolyn V. for the patterns, samples, and the directions!
