

Labor & Delivery

Directions: After reading through the list of vocabulary words with me, divide them into groups according to the columns on the chart sheet. **K** stands for KNOW—these are words you can define without question. If I asked you to write a sentence using the term properly, there would not be a problem. **KoK** represents the words you KIND of KNOW. You are pretty sure (95% positive) what the term means but wouldn't bet any money on it. **NK** is the NO "K" LVE column. This for the vocabulary that means something to someone, but for all you know it's a new kind of fruit!

Labor	Episiotomy	Forceps	Vacuum Extractor	Dilation
Cervix	Uterus	Crowning	Cesarean Section	Breech
Placenta	Transition	Efface	APGAR Test	Vagina
Contractions	Lamaze	Afterbirth	Fetal Monitoring	Midwife
	Umbilical Cord	Preterm	Viability	Induced Labor

PLEASE DO THIS IN PENCIL!
