

PIZZA Task Rotation Cards

1

DID YOU KNOW...

The pizza was first known as focaccia and served as an appetizer or snack.

Is pizza a healthy snack? Use the nutrition facts label & points system of reading labels to determine if the 3 pizza examples provided for you are healthy. Rank your responses from most healthy to least healthy including point values on your response sheet.

2

DID YOU KNOW...

Pizza was designed to be eaten without utensils.

Mom expects you to eat pizza at the dinner table with utensils. Draw how you would set the table using a plate, fork, knife, spoon, napkin and glass on your response sheet.

3

DID YOU KNOW...

Tomatoes were thought to be poisonous by Europeans.

Even though we know tomatoes are not poisonous a lot of people still dislike them and refuse to eat them. Create a creative, colorful advertisement convincing people to eat tomatoes on your response sheet.

4

DID YOU KNOW...

Patrick Bertolotti holds a world record for eating 47 slices of 16" pizza in ten minutes.

- How many 16" slices could Patrick eat in an hour? Show your work.
- If a 16" pizza contains 12 slices, how many pizzas did Patrick consume in 10 minutes and in one hour? Show your work.
