

Popcorn Lab Follow-Up

1. Individually rank the results of your popcorn comparisons...
 - Rank the results from quickest to slowest to prepare:
 - Rank the results from least expensive to most expensive:
 - Rank the results from most nutritious to least nutritious:
 - Rank the results from best tasting to worst tasting:
2. Create a bar graph illustrating the results of this lab comparison. You may create this manually or with technology. Be sure to clearly label your results.
3. Summarize in a paragraph which brand you believe to be the best overall and explain why using the results from your comparison to support your choice.
4. Complete the “Popcorn Math” problems to practice calculating unit prices.
