Teen Pregnancy

A hoax is circulating the internet saying president Obama's 16 year old daughter is pregnant. Put your desks together in groups 4 to 5 students and discuss as a group. Record your opinions on this sheet.

1. If she were pregnant how do you think her parents would react?
2. How would the public react?
3. Are celebrities who are teen moms given "special treatment"? Explain.
4. Do you think that teens in the public eye are held to unrealistic expectations? Why?
5. Use the internet to research a celebrity who was a teen mom. List that celebrity. Does their teen pregnancy change your opinion about the person? Explain.
6. Do you think that media today glamorizes teen pregnancy? Why or why not? Give examples.
