

TIMELINE

Stages of Children's Art

As children develop their artistic abilities, they go through a series of stages.

Using the website www.timetoast.com you will create a timeline of children art development from age 1 to age 16.

Use the information below to log into the class website.

- Username:
- Password:

Once you sign in you will create a new timeline. You will need to save images to insert into your timeline.

The title of your timeline will be Art Development in Children, Your first name. The category will be personal.

Use tabs at the bottom page to create your timeline. You can view the text information at any time by clicking on the button located on the middle right side of page.

Include the following on your timeline:

- Ages of children
- Stage of Art
- Description of each stage
- Image to go with each stage of art development
