A CREATIVE STORY ABOUT LABOR & DELIVERY

Use your notes, resources and vocabulary terms to write a creative story about labor and delivery from the perspective of the baby.

You will write this using the RAFT technique. RAFT stands for:

R: Role: Baby

A: Audience: Other Babies (comparing stories)

F: Format: Creative Story

T: Topic: Labor & Delivery

Your creative story needs to include aspects of all three stages of labor, APGAR testing, and be written from the baby's point of view.
